

## KVAS NOTES 7/28/17

The KVAS held the July meeting at the Hansford Center in St. Albans at 7:00PM. Rodney Waugh and Ed Connors, with the help of a slide show, presented information about the upcoming solar eclipse and did comparisons of various solar objects. Since many of the KVAS members will be at the eclipse in August, Ed Connors made the motion to hold no meeting this month. Seconded by Robert Dean.

John Willson reported that he has now secured 8 speakers for the Blackwater Falls Weekend on September 15-16 while Janet Willson assures the club that everything is on track for a smooth and interesting star party weekend. Seven door prizes have been donated by vendors and club members have made several personal donations. Members are asked to write 5 tickets for \$20.00 rather than 4/\$20.00 when selling the raffle tickets.

Janet Willson made a motion that the September 2 picnic be rescheduled on Oct. 21 at Breezy Point as the original date fell on the Labor Day weekend. Robert Dean seconded. The club will provide the meat, buns, paper goods and drinks and members can bring the sides and desserts. Some members suggested that they will be coming early to do some clean up at the site and on the road. Bring your family and friends with a delicious dish and some cleaning materials and come join us for some fun, food and much needed work at Breezy Point.
